Open Rescue	March 2010	Mrs CA Carlton

It was a privilege to judge this breed open show and I wish to thank the Committee for their invitation and hard work on the day, making the show such a success. MPD (5) 1 Lowson's Jengachenga By Design, liver nose dog with correct light eye and proportionate head, good reach of neck into well angulated forequarters; tight feet and good bone for such a youngster. Pleasing ridge and he moved well, promising young dog. BEST PUPPY DOG.
2 Cherrie's Jengachenga Brilliant Boy, good dark eye, would benefit from a more defined stop, good infill of chest and adequate angulation.
3 Dillon & Ashman's Eilack Kaan.
Pd (2,0) 1 Dillon & Ashman's Eilack Kaan, red wheaten dog with dark eyes matching his black nose, smaller made throughout, but he moved correctly coming and going, good ridge and happy tail!
2 Kemp's Jaloumi Cheeky Charlie, handsome dog, larger type, good feet but front movement not as true as winner, lovely ridge and he was handled well.
Jd (2,0) 1 Selby's Eilack Chato, red wheaten dog with very proportionate head, lightly boned but well balanced angulation and he moved well.
