It was an honour to have been invited to judge this show, I had a lovely entry of quality dogs, pity there were not more cards, as some good exhibits went cardless.

2 Ch Mirengo's Muko Mako, another great dog, a pleasure to go over such good balance and elegance without coarseness, attractive head with punishing jaws, strong muscular condition, and easy and true mover.

3 Ir Ch Walamadengie Awesome, he is of different type altogether, very well put together and compact in body, good balance, good front assembly, and good movement.
VD 1st and CC, UK. FCI. Int Ir Ch Imbali Kipenzi JW, wheaten dog of the highest quality, I could'nt fault him at all and amazing at his age, I am sure his qualities have been sung many times before, it was a privilege to go over him, great drive on the move and absolutely true in front and back.
MPB (4) 1 Kwekwek 'Beya, what a mature baby just 6 months old and behaving and enjoying it all like a veteran, good body with correct substance and good bone, nice overall shape and balance, true movement and lovely temperament.

JB (10) A pleasure to judge this class, the exhibits were very nice, and of the highest quality1st Godolphins Onecoolcat at Kananga, feminine elegant bitch with a lot of quality, free mover, with a lovely body and good muscle tone.
2 Imola Imani, if anything I almost preferred her to the winner, she just wouldn't settle in the ring she is so full of life, great body and conformation.

3 Hespa High As A Kite At Veldtkammer, completed a trio of high quality bitches, nice body construction good balance and an easy stride on the move.

OB (11) I found this class the most difficult to judge, the bitches I really liked didn't move well and the ones that did move, weren't quite my cup of tea! 1st and RCC and RBIS Ch Veldtkammer Lady Done A Bunk, I liked her as a puppy in 2003 and what a beauty she has matured into, her praises have been sung by many, she is a real showgirl and a superb mover, seemed a bit lethargic due to the heat I expect.
2 Ir Ch Walamadengie Lady Elegance, I just loved her shape, she is just the right size, and so well made, nice head, long neck, good angulation strong hindquarters, unfortunately her front movement let her down today.
