share which sports any number of
entails and has a vast number of
different choices and choice produc-

gives a couple of events to help
first time dog show attendees to
understand what was happening in
the show. She gave a short talk on

meditation, this is no longer regarded
as being a bit of a joke in the UK, pro-
vided that the schedule for the show
does make it clear to all that they
believe they want, whether or not it

But it is not just the physical condi-
tions that the dog and exhibitor
prize from. They must also offer
support to the breed and the club, and
for dog owners who are not

It was interesting to read an
advertisement in the national news-
paper - the Guardian - for a series of
"Rhodesian Congress" for journalists

need the corner more than others.
I hope if all your imagination to
decide which standard is most
appropriate for which breed, write
for (please don't let two crabs)

Great day for Ridgebacks

Report by Lynn Maylor - Photos by Jemma McCarthy

THE MORNING of the Midland and Northern Rhodesian Ridgeback Club's Championship Show on 19th July did not immediately inspire the usual enthusiasm for a mid-summer dog show!

● Best in Show and Reserve Best in Show

Indeed the grey skies and poor weather outlook must surely have inspired even the most dedicated of Committee Members to run over as their respective alarms roused them from their beds. Still, the majority were probably up before the birds in order to travel to the venue to get preparations under way, and how appreciative of their efforts the audience were. The KC building at Stoneleigh is what it is, but even the kindest of us would struggle to describe the interior as particularly inviting - (see the talents of the MANRR Committee. Decorative without being fancy, glitz without being brash anyone entering the Hall couldn't help but be caught up in the moment as rightly befitted the occasion of the Club's Championship Show in its Golden Jubilee year. The trophy table dazzled, the judge's table was filled in capacity with rosettes and mementoes awaiting the winners of the day ahead and some- what mysteriously, was a table along-

ing under the weight of champagne glasses - empty - and a marvellous celebratory cake. All in all nothing short of a touch of fairy dust had settled on the hall and exhibitors and spectators prepared themselves for an enjoyable day ahead.

The judge for this Jubilee show was Ms Dama Brennan from the Huntingridge Kennels in Australia who had drawn an entry of some 172 and once the official introductions were made, judging got underway without any delay. The winner of each class received their card, a wonderful rosette (both with a hint of Midas about them) and were also presented with a box containing a golden lined champagne flute complete with an etching of the Club logo. Such a distinguished and thoughtful keepsake seemed to be appreciated by all the recipients though it remains to be seen who will use it and who will give it pride of place as a memory of a very special day.

Lucky!

The main winners of the Show were also to receive similarly themed and extremely generous keepsakes, some of which were kindly brought from Australia by our Judge, too numerous to list, but which I'm sure delighted the lucky Quartet. Our thanks also to Arden Grange and Big Paw Embroidery Den for their sponsorship.

The two breed specific stands appeared to be kept busy during the day: the MANRR merchandise stand is always inviting, tempting folk into finding something they "must" have! It's an art form that has been honed to perfection by the Club's Merchandiser and a skill seconded by others who can only look on in awe. The MANRR Support & Rescue Trust also had a presence reminding us all of the Ridgebacks out at fortunate as those loved and cherished hounds that were in attendance on the day. The display boards shared photographs and stories of those still in Rescue and the happy outcomes of others that had at last found their forever homes. People were very generous in purchasing the goods on display and also making donations to the Trust.

The break for lunch followed puppy bitch judging and this pause in the proceedings had been anticipated by more than a few people! While the judge was whisked off for a well deserved break, the usual rattle of sandwich bags and unclipping of the popping of champagne corks. The trophy champagne glasses were filled, the cake cut and good wishes abounded to and by the Club in its members new and old, wishing the Club's future.

The Club's raffle, this year for a one hundred pound prize, was won by the ITN Trust. Of MANRR and very generously donated to the Trust thereby increasing its dona-

The enthal of judging and the excitement of cake and champagne in the middle of the day had quite diverted most folk's attention from what was going on outside, but as judging recommenced the sky grew darker, thunder rumbled overhead and the sparks of lightning grew brighter as the rain approached. No-one was surprised when the rain started but the intensity was startling and I doubt there was anyone who wasn't taken aback when it started to rain inside as much as it was raining outside. It was quite surreal to see water cascading from the roof and slowly filling the ring. Team spirit was in evidence aplenty as people rallied to move tables, crates (still with their occupants!) and possessions while a gang of hardy individuals collected benches and mops and supported Paul the Caretaker on his life's dry machine to clear the water from the ring. Water features are de rigueur in the right place, but this was a most unwelcome addition to the venue. Thanks to the prompt action of so many, PGB was soon able to recommence and no further Acts of God or other misadventures occurred to interrupt the rest of the proceedings.

The results are listed elsewhere for anyone to catch up with and I'm sure that some of the judge's decisions were particularly difficult however the one that received the biggest cheer of the day and a justifiably huge round of applause was the black CC winner who also went BIS. Her third CC on the day gave this lovely youngster her "crown". To gain such an award at a club show with a home bred dog is not something that many get the chance to experience so it'll be no surprise if her owner has to pinch herself for her sheer luck to come!

A presentation was made to the judge at the end of the day of an improved Scottish Oatcake as a token of the Club's appreciation. I wonder if the spectators - of - the if the spectators might have

● Best Puppy in Show Res RCC & Best Veterans in Show

making process as soon they are presenting their modal winners with a similar keepsake. A topical and delightful co-incidence!

The huge effort by the Committee of the MANRR Club to make the show a memorable and enjoyable event certainly paid off and I hope as each fell exhausted into their beds on Saturday night, they took a second to give themselves a well earned

put on the back!

Best in Show was Farleigh's Ch. Kingfisher Bix There Done That (subject to KC confirmation). Reserve Best in Show Megoldrick's Ch. Pl. Ist Ch Villagedoga Ka Makana, Best Puppy in Show Denver's Goshwaite-Cool Crazy Lady Of Vindrogen and Best Veteran in Show Parker's Ch Ziet Adv to April PW Sh CM
